

# MCF NEWS LETTER AUGUST 2005

Dear Friends,

Warm Greetings from MCF Kenya. It's my prayer that you are all well together with your families.

We had our graduation at MCF Yatta girl's center. The girls were excited to have gained knowledge and skills to go out and put all that they have learned during their three years of training into practice. The MCF Yatta class of 2005 had 15 girls who graduated with certificates in Hairdressing, Home Economics, Dress Making & Clothing Design (DMCD), Entrepreneurship, Micro Finance and Bible Outreach & Evangelism. We thank God for them.

The MCF Eldoret home is undergoing major renovations in the buildings thus most of the Children have been relocated to MCF Ndalani where they stay in the children's centre. We are hopeful that the rehabilitation will be completed soon and enable us to provide good facilities to the children and also enroll more needy children.

The end of the school second term is here and our Children are doing their end of second term exams. At MCF Ndalani grade 12 students are doing their District Mock Examinations in preparation for the final National Exams which they will start in October 2005. Also the grade 8 students in MCF Ndalani and Kangundo are also working hard in preparation for the National Exams in November 2005. Please keep them in your prayers.

Our Karate team participated in a Youth tournament in Nairobi and MCF once again emerged as the best team. We were awarded 3 trophies and 21 certificates. The team has managed to keep their unbeatable track record in both Kenya and East & Central Africa!

My daughter Nondo and the three children who accompanied her for the Canadian safari (Spoke 2005) are back home after successfully finishing their mission. The group had a wonderful experience. We thank God for all those who helped make their stay in Canada a great success.

We request for your prayers as we move to the next school term when a number of our children will be doing their final National Exams, and also for the many needs in MCF that God may be our provider.

Thank you, ever so much for all the support you have given to the MCF ministry. May God bless you abundantly.

Yours sincerely,  
Ev. Charles & Esther Mully.
