

# ***JANUARY 2005 LETTER***

*Hello,*

*Behold what manner of love God has given unto us. Yes, really I can not comprehend it all. The going has been very tough over the years especially this specific one. My wife, biological children and the MCF fraternity were greatly amazed on how God's grace, love, kindness and favor continued to flow till this last day of the year 2004.*

*Yes, ours is Amazement and Praises to God, who over this year, inspired and humbled people like yourself to a point of denying yourself the very best out of your savings and time, so that MCF children could have a better life, especially food and education!!!*

*How I thank God for you and your families for your tireless effort and ceaseless love. I am therefore putting my humble cry and request to our almighty God to fill your hearts with the joy of the Lord, to grant you peace, love and mercy and abundant blessings. Please be assured of our prayer support as you move on with boldness towards the goal. May the New Year bring you happiness and new hope in Christ Jesus our Lord.*

*With much love and God's blessings to you and your family,*

*Sincerely yours,  
Ev. Mully.*
